

## HOUSEWIVES SEE STEER CUT UP AS OBJECT LESSON

National League Opens Its  
New Headquarters With a  
Novel Demonstration.

Three husky white aproned butchers lugged a whole steer into a big room at No. 35 West Forty-fifth street this morning and cut it into choice table viands under the eyes of more than two hundred women. They were members of the National Housewives' League and were there to see the opening of the first headquarters the association has ever had.

Mrs. Julian Heath, President of the League, presided, and told the women that at last her dream of years has been realized—the establishment of a place where housewives can gather for instruction and information about food, its purchase and preparation. Then the butchers, under the guidance of Richard Webster, set to work and cut up the steer. The operation was explained to the women and the choice cuts were pointed out.

The opening of the headquarters was also a reception. Besides Mrs. Heath, other officers of the League played hostesses. They were Mrs. H. R. Caraway, Vice President; Mrs. Thomas Fulton, Secretary, and Mrs. E. V. S. Chambrlain, Treasurer. Mrs. I. N. Landauer and Mrs. W. F. Parish composed the committee directly in charge.

## SHEARN AND DELEHANTY TAKE SEATS ON BENCH

Ivory Gavel Presented to Former by  
Members of the Bar With  
Appropriate Speeches.

Two new Justices of the Supreme Court exchanged sack coats for the black robes of office and went to work with little ceremony in the New York

County Court House this morning. They were Clarence J. Shearn, former personal counsel for William Randolph Hearst, and Francis B. Delehanty, until last week a Justice of the City Court.

Before ordering the calendar called in Part IX, Special Term, to which he had been assigned, Justice Shearn, smiling and just a bit nervous, listened to congratulatory speeches from members of the bar, and was presented with an appropriately inscribed ivory gavel, mounted in gold. Herbert R. Lamborg of No. 10 Broadway making the speech.

Rising from behind a mass of pink roses, which almost hid the bench, Justice Shearn thanked Mr. Lamborg and Bennie Lewinson, who spoke for the New York County Lawyers' Association.

In Part VII, where Justice De-

lehanty took his seat, there were no flowers or speeches.

Every box is de  
serving of the  
name it bears.

### INVISIBLE SELF=REDUCING

WITH  
VISIBLE "BRIDGE"

The long-looked-for corset is here!

It is designed especially for—

1. Women who want a supple corset that is durable and gives ample physical support, but is not too heavy.
2. Women to whom low-top corsets have brought rolls of fat above the waist, and who now long to regain a symmetrical figure.
3. Women who think Nemo Corsets are "too heavy."
4. Women who imagine that the usual EXTERNAL Self-Reducing Straps add bulk to the figure—which, of course, is not true.

The first corset to produce the

### NEW "MILITARY" SHAPE

The illustration shows the new reducing and supporting corset, made of thin covering fabric, the improved "bridge" construction, which "pivots" on the highest point of the abdomen, insuring support below and free breathing above, and the smooth stylish lines of the complete corset.

No. 341—for Short Full Figures \$3.00  
No. 342—for Taller Full Figures \$3.00  
Fine White Corset, in Sizes 22 to 30

The new corset is in every way so desirable that many women who already wear a Nemo that is perfectly satisfactory may be tempted to change. To such, our advice is—

Stick to the Corset that Suits You!

For example: Thousands of women find complete satisfaction in Nemo Self-Reducing Corset No. 322, also sold at \$3.00. They like the support it gives, the stout fabric and boning; the ease of the Lasticure-Back. They don't object to the outside Reducing Straps and wouldn't feel nearly so comfortable in a lighter and more flexible corset. Therefore we say if you are a satisfied Nemo wearer, DON'T CHANGE! Not even for these splendid new models.
